DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 2. MARYVILLE, MISSOURI, SATURDAY, MAY 4, 1912. NO. 288.

NEW APPOINTMENTS

COUNCIL SLATE WENT THROUGH LIKE GREASED LIGHTNING.

IT WAS ALL CUT AND DRIED

Names of Applicants Submitted to Council, They Made Selection, and Mayor Recommended.

At a meeting of the city council held Friday evening the annual appointments were made for the ensuing year. The meeting was well attended by a number of people, and every member of the board was present, due to the fact that a rumor had it that a secret meeting of several members of the council was held this week and they had decided on their slate. It was evident to be seen that the council secured the appointments of those they wanted.

Mayor Robey, instead of appointing, named the number of applicants for each office, and then let the members of the board vote on them. Mayor Robey was in favor of a yea and nay vote and not a secret ballot, but the members by an unanimous vote decided that they wanted a paper ballot, and had it.

For the positions of city attorney, night policeman and street commissioner there were more than one applicant, and after Mayor Robey read the names of them, then the council voted on their choice, and Mayor Robery would appoint him and then the council would confirm the appointment. As one prominent citizen said: "The council appointed the officers, then the mayor would confirm them, instead of the mayor appointting the men and then letting the council confirm them."

The following were the officers selected:

L. C. Gann, city clerk.
Dr. A. T. Fisher, city physician.
F. L. Fylnt, city engineer.
Fred Kinney, street cleaner.
G. M. Campbell, weighmaster.
Burt Rowley, chief; Fred Diss, Jo Pulliam, Carl Riffe, Jim Smith, L. A. Denny and Jim Kegan, members of the fire department.
Purl Edwards, fire driver.
W. E. Wiles, city attorney.
M. I. Woods, street commissioner. This appointment was only for a term of three months.
Wm. Culver, night policeman.

One bid for the city money was from the Nodaway Valley bank, their bid being 2 per cent on daily balances. The board rejected the bid, believing that they will be able to get more out of the city money than that. The mayor was instructed to see all of the bankers again and to have them bid.

Lon Shanks was appointed sexton of the Oak Hill cemetery.

Went to Bedford.

The State Normal base ball squad went to Bedford this noon to play the fast high school team of that place this afternoon. The boys will return on the afternoon train. Those who made the trip were Coach Moore, Cap- McKee, McGrew, Richardson, Simpson, V. Seymour, Taylor, Wilson, Miller and Perrin.

Mrs. Tabler is Better.

Mrs. Charles Tabler, living north of Maryville, was dangerously ill Friday, but was considered much better by her physicians, Drs. F. M. and Vilas Martin, on Saturday.

To Attend Aunt's Funeral.

Miss Katherine Helwig went to Trenton Saturday to attend the funeral of her aunt, Mrs. T. W. Hughes, which will be held on Sunday.

MEETINGS WELL ATTENDED.

Revival Services at M. E. Church, South—Rev. Crowe's Sermon Friday Night.

The revival meetings being held at the M. E. church, South, are very successful, and at the meeting Friday evening a good sized crowd was in attendance. Rev. M. F. Crowe took his sermon from the first Psalm, as follows:

"The ungodly man is the one who is unlike God.

"Some church members are ungodly.

"Such give counsel both to their words and actions. Your life means more than your profession.

"Some who counsel sinners to follow Christ by their words influence them to follow the devil by their dancing and card playing.

"Don't stand in the way of sinners. If you run with dogs you are sure to get fleas.

"Church members who stand in the way of sinners will not only pollute their own souls, but will become stumbling stones to keep the sinners away from Christ."

Tonight's service will commence at 7:45 o'clock and Rev. Crowe's subject will be "Envy." A duet will also be given by Mr. Lewellan and Miss Myrtle Sheldon.

Services will be held both morning and evening Sunday.

FOR STATE OFFICERS.

Democrats Who Are Asking for Places at Jefferson City.

The lists are rapidly filling up for Democratic places on the state ticket. So far the following candidates for state office have filed:

For governor—Elliott W. Major, Bowling Green; James A. Houchin, Jefferson City; David A. Ball, Louisiana; A. H. Bolte, Union; W. S. Cowherd, Kansas City.

For lieutenant governor—R. A. Boone, Charleston.

For attorney general—Frank McAlister, Paris; John T. Barker, La-Plata.

For secretary of state—Cornelius Roach, Carthage.

For treasurer—E. P. Deal, Charleston; John B. O'Meara, St. Louis.

For judge supreme court—Henry W. Bond, St. Louis; Charles B. Stark, St. Louis.

For judge Kansas City court of appeals—John A. Rich, Lexington; Francis H. Trimble, Liberty.

For railroad commissioner—J. T. Bradshow, Kansas City; Rube Oglesby, Warrensburg.

HIGH SCHOOL NOTES.

Miss Pauline Martin of St. Joseph Central high school was a visitor at school this week.

Rev. Tralle, who holds the chair of religious pepagogy in Hardin college, visited the high school on Wednesday and gave a very interesting talk during the assembly hour. Rev. Tralle told of his experiences in college life and how he got through school, twelve years of it, on four dollars in cash. He said, however, that he had other assets which were infinitely more valuable than cash. First, he said that he valued his brains at one thousand dollars, not that anyone ever offered him that much for them, but still he wouldn't have taken that amount for them. Next, he said that he had ten thousand dollars worth of work. A great many people, said Rev. Tralle, are lazier with their heads than with their hands. No matter how well endowed by nature a man may be, to be a success he must know how to work. His next asset was one million dollars worth of stick-to-itiveness. The big things maybe done in just the same way that the small ones are; it just takes a little longer. His last, and perhaps most valuable, fund which he had to draw on was a billion dollars worth of friends. A young person will never find a place where he may have more good true friends than in college. Rev. Tralle, in closing, urged each pupil to go to some advanced school as soon as they had finished their high school course.

Mr. Shepard Leffler, formerly a teacher in the high school, gave a very interesting talk in assembly on Thursday concerning his visits to the English house of commons, and compared it with his impressions of the senate and house of representatives. One of the most marked differences which first greets one is the ease with which one may gain entrance into our law-making bodies and the difficulty in getting into the English parliament. The methods in the two were entirely different, and many very interesting facts were disclosed during the talk.

The advanced seniors went to Barnard to spend Saturday with Mr. Ova Goff. Miss Lindholm chaperoned.

Sunday Services at Local Churches

First Church of Christ, Scientist.

Bible school at 9:30. Endeavor at 7 p. m.; leader, Miss Edith Davenport. Subject, "The Christian Virtues vs. Unselfishness"—I John 3:10-18. In the evening Dr. Moore of St. Louis will occupy the pulpit in the interests of the Anti-Saloon League. Let us give Bro. Moore a good hearing in this our fight against "America's Black Plague." Claude John Miller, pastor.

First M. E. Church.

Tomorrow is field day for the Anti-Saloon League in our city. Dr. Moore will preach in the M. E. church. He is one of the very best speakers that the organization has in the field. He is the general superintendent of the Anti-Saloon League of Missouri.

In the evening the pastor will speak on the subject, "Our General Conference." The general conference is the great law making body of the M. E. church, and is now in session at Minneapolis. It is composed of about eight hundred delegates from all over the world. It has been said by many men outside of the Methodist Episcopal church that it is the greatest legislative body in the world. This topic ought to be of especial interest just at this time. Every one cordially invited.

The official board will meet in regular monthly session in the choir room Monday evening at 8 o'clock. Prayer and teachers' meeting Wednesday evening. Epworth League services in Epworth League parlor Sunday evening at 7 o'clock. Prof. Mary M. Hughes will lead. Topic, "Are Men the Products of the Times in Which they Live?—Jer. 31:33-34; Gal. 1:15-24. Sunday school at 9:30. W. F. Smith, superintendent.

Barnard Teachers.

The school board of Barnard has selected two of their teachers for the next year. They are D. D. Hopper, principal and Miss Lena Robinson, intermediate.

Miss Agatha Kirk and her little sister, Cleola, went to Clyde Saturday to visit their cousin, Miss Lottie Kreetch.

News of Society and Womens' Clubs

Aid Society with Mrs. Lloyd.

Mrs. Eldon Lloyd entertained the Ladies' Aid society of the M. E. Church, South, with a luncheon Friday afternoon. There were fifteen members present and two visitors, Mrs. Truman Lloyd and Mrs. J. W. Herndon. During the regular business session arrangements were commenced for the serving of a dinner and supper uptown on Saturday, June 1.

Will Meet With Miss Sturm.

The general meeting of the Twentieth Century club, which will be held Tuesday afternoon, will meet at the home of Miss Clara Sturm, instead of the Elks' club, as is usual. All members are especially urged to be present. The officers for the new department of music, arts and crafts will be chosen. The subject for discussion will be "Public Improvement." Miss Sturm will speak of "Missouri's Laws on Child Labor," Mrs. D. J. Thomas of "The Moving Picture Show, the New Form of Drama for the Million," Mrs. Leslie Dean of "Why Do We Need a Public Library?" On what measures can be taken to (a) Establish a Park,, Mrs. O. C. Hanna will speak; (b) Establish a Free Sunday Concert League, Miss Birde Shelton; (c) Improve Our Cemeteries, Mrs. J. A. Ford.

Mrs. Wilfley Was Hostess.

The C. W. B. M. of the Christian church met with Mrs. G. L. Wilfley Friday afternoon. The afternoon study, "Argentina of South America—The Country, the People and the Work of the C. W. B. M.," was conducted by Mrs. Claude J. Miller. A paper on "Argentina—The Land and People," was given by Mrs. J. D. Frank. "The Church of Christ in South America and the Need of Workers," was discussed by Mrs. F. P. Reuillard. "Legends and Superstitions in Latin Lands," by Mrs. T. H. Cook. "A Forgotten Continent," by Mrs. J. R. Brink. An exercise entitled "Hidden Answers" was conducted by Mrs. J. W. Ray. The program ended with a solo by little Miss Lona Gilbert. During the social hour the hostess served refreshments to her guests and gave several delightful numbers on her victrola.

Dew Drop Inn Club.

Mrs. Claud Moore was hostess to the Dew Drop Inn club Wednesday when a very pleasant and profitable afternoon was spent. After the reading of letters from Mrs. E. M. Shepherd, president of the Missouri Federation of Women's Clubs; Mrs. W. I. Woods, manager of General Federation of Women's Clubs, and Mrs. Edwin A. Knapp, it was decided to take up the study of Mexico in two weeks, when the club will meet at the home of Mrs. Albert Orme. The fancy work begun at a former meeting was continued. Refreshments were served during the social hour to those present, who were: Mrs. Samuel Yeager and daughter, Mrs. Oliver Jones and children, Mrs. Harry Farrar and daughter, Mrs. John Sprague, Mrs. Nathaniel Orme, Mrs. Albert Orme and children and Mrs. Claud Moore.

Misisonary Society Friday.

Mrs. William Everhart entertained the Woman's Missionary society of the Baptist church at its regular meeting Friday afternoon. Twenty-two members were present and two new members were added, Mrs. Walter Wiles and Mrs. Frank Shepherd. Mrs. Eugene Ogden led the Bible study, the subject was "The Influence of Song." Text, Ps. 100 and Eph. 5-19. The mission study was "Missions in Lumber and Mining Camps," but owing to the absence of Mrs. S. A. Helwig, who was to read the topic, Mrs. F. W. Olney read a very interesting letter from [illegible] friends of hers, who is the wife of a newspaper man at Fairbanks, Alaska, in the land of the midnight sun. BISHOP PARTRIDGE COMING.

Will Be First Visit to Maryville—To Hold Services Sunday at Episcopal Church.

Bishop Sidney D. Partridge and Archdeacon Johnson of Kansas City will be in Maryville, and Bishop Partridge will preach both morning and evening at the Episcopal church in this city. This is the first visit of Bishop Partridge to the Maryville church.

Bishop Partridge, within the last year, was called to fill the place of Bishop Atwill, who died about a year and a half ago. Bishop Partridge had been a missionary in China and Japan for the past twenty-eight years, and had expected to give his life to those people when he was called from over the sea to be bishop of the diocese of Kansas City.

CALLED TO CHICAGO.

George L. Evans Left Saturday for That Place, Being Sent There By the Burlington.

George L. Evans, a special agent of the Burlington, was called to Chicago Saturday by the chief agent of the road, who said that all agents are being sent there on account of the present strike on in that city of the pressmen and stereotypers in the newspaper offices. Mr. Evans did not know any other reason that he was called there.

The strike on at present at Chicago has resulted in the newspapers being unable to print more than one edition and that being only four pages. No Chicago papers have been in Maryville the past two days.

PARNELL HAS CLUB.

Organized a Commercial Club for the Purpose of Good Roads and Other Improvements.

A commercial club was organized at Parnell this week by the business men and citizens, and one of the main objects of the organization will be to have good roads leading to Parnell and the means of bringing added industries to that town. The following are the officers elected: George L. Felton, president; A. F. Hall, vice president; F. A. Breit, secretary; H. O. Gray, treasurer.

More Money for Carl Wright.

At a meeting of the executive board of the Humane society of Maryville, in the office of F. P. Rabinson, Friday afternoon, the board voted $10 to the Carl Wright fund, which was paid to the committee Friday evening.

The Democrat-Forum received Saturday a subscription of $1 from Mr. F. Slawson of near Maryville.

[illegible]gs on Market at St. Joseph.

[illegible]he Nodaway county farmers [illegible] the St. Joseph market Friday with hogs were Joe Helker of Hopkins, W. R. Linville of Skidmore, and the Rankin farms of Quitman.

Re-Elected as Teacher.

Miss Winifred Carpenter, daughter of Mr. and Mrs. L. E. Carpenter of this city, has been selected again as one of the grade teachers of the Bethany, Mo., public schools.

Called to Preach Funeral.

Rev. Lee Harrel was called to Platte City Friday evening to preach the funeral services for the late Mrs. John Harris on Saturday morning. He will return Saturday night.

TEMPERANCE TALKS

SPEAKERS FROM ANTI-SALOON LEAGUE TO OCCUPY PULPITS.

URGE GOOD CANDIDATES

While Not Touching Politics, Selections of Temperance Men for Legislative Ticket May Be Urged.

At four of the Protestant churches Sunday representatives from the State Anti-Saloon League will occupy the pulpit at one of the services. The day is known as field day for the Anti-Saloon League. Owing to the revival meetings in progress at the M. E. church, South, a speaker from the league will not occupy the pulpit.

The object of these meetings is to tell of the work of the Anti-Saloon League and that all temperance people should join the cause and help them out. It is thought also that these speakers will urge all temperance people to be sure and vote for men for the legislature whose views along temperance lines are known.

Speakers from the league are visiting in many of the towns over the state to help out their cause.

The representatives of the league that will be here Sunday and where they preach follows:

Dr. Albert Moore of St. Louis, state superintendent of the state league, at the First M. E. church, Sunday morning at 11 a. m., and in the evening at the Christian church.

Rev. C. E. Henry, a speaker of the league, at the Baptist church, Sunday morning at 11 o'clock.

Rev. A. M. Bushnell, assistant superintendent of the league, as the Presbyterian church at the morning service.

NODAWAY COUNTY FOR MARTIN.

So Said James B. Robinson of Maryville in St. Joseph Friday, in an Interview.

In today's issue of the St. Joseph Gazette appears the following:

"Nodaway county is going to give B. Raleigh Martin the biggest majority in his race for the Democratic nomination for congress, of any man who ever left Nodaway county," said James B. Robinson, president of the Nodaway Valley bank of Maryville, in discussing Democratic politics in Nodaway county yesterday at the Hotel Robidoux. "Martin is not only an able lawyer, but he is an orator of such ability that if elected to congress he will cause the Fourth district to be proud of him."

GAVE A CONCERT.

First Public Concert by the Maryville Band Was Very Much Enjoyed By a Large Crowd.

The first of a series of public concerts was given Friday evening by the Maryville band, L. V. Lawler, director, on the court house square, and was much enjoyed by the large crowd of people. The band is one of the best in this part of the state, and the people look forward to these concerts with much pleasure.

One of First Pupils Graduated.

Miss Mary Fordyce went to Barnard Friday evening to attend the commencement exercises of the schools there, one of her pupils, Miss Albernice Rasco being one of the graduates. Miss Rasco graduated from the Fairview school, where Miss Fordyce taught two years ago. Miss Fordyce is attending the State Normal.

ANNOUNCEMENTS.

For County Treasurer.

I wish to announce that I will be a candidate for county treasurer on the Democratic ticket, subject to the primary election in August.

SAMUEL H. WILLIAMS.

This paper is authorized to announce that E. F. Wolfert of Maryville will be a candidate for the Democratic nomination for county treasurer, subject to the decision of the primary in August.

We are authorized to announce Jesse B. Joy of Elmo as a candidate for the Democratic nomination for County Treasurer, subject to the August primary.

We are authorized to announce that Judge H. H. McClurg of Union township is a candidate for the Democratic nomination for county treasurer, subject to the decision of the August primary.

For Sheriff.

We are authorized to announce that Ed Wallace of Atchison township will be a candidate for the Democratic nomination for sheriff of Nodaway county, subject to the decision of the primary in August.

We are authorized to announce Luke P. Colvin as a candidate for sheriff, subject to the decision of the Democratic voters at the August primary.

"I am a celebrated man. Fame trumpets my name to the four corners of the globe, and the publicity given by the press to my humble person must render jealous all those who take so much trouble to get talked about." Now who do you suppose it was that said that? No, you are wrong. It was Bonnot, the Paris bandit and murderer.—Kansas City Journal.

"As much as I desire the delegation for Mr. Taft I prize the value of my good name too highly to resort to contemptible trickery and sharp practice to gratify that desire. I could not lead myself to believe that he (Hadley) would stoop so low. The excuse that he could not control the delegates is absurd. Not only does the record of the eighth district prove up his methods, but the cunning maneuver to withhold instructions to the very last hour of the convention is conclusive evidence of how methodically the deception had been planned."—From Otto Steifel's statement on Gov. Hadley's action at St. Louis.

PICTURE FRAMING at Crane's

Keep Cool!

If the politicians roar,
Keep cool!
When they holler more and more,
Keep cool!
Don't get worked into a fret;
Don't mill 'round until you sweat;
Country's pretty solid yet—
Keep cool!

Don't get mad in politics.
Keep cool!
Good sense with your thinking mix.
Keep cool!
And no matter where or when
Study principles and men,
Hold your thinker straight, and then
Keep cool!

If the other fellows win,
Keep cool!
Then dig in and try again.
Keep cool!
Don't get hot around the neck;
Keep your temper well in check;
Country isn't going to wreck—
Keep cool!

Other men are honest, too.
Keep cool!
Others think as well as you.
Keep cool!
Show up strong beneath defeat
That makes victory taste more sweet
And amidst the campaign's heat
Keep cool!

Home Health Club

By DR. DAVID H. REEDER, LaPorte, Ind.

Don't eat too much—There are many good reasons for this advice. You do not need to eat so much, on the contrary, you need quite the reverse. You will talk of the distress of your stomach; that you feel uncomfortable all over; you are nervous and fidgety; sometimes you feel as if your legs would give way under you.

Quit eating so much. You keep your stomach and bowels under a constant pressure and they not only rebel but they convey to your blood, kidneys, liver, brain and nerve force poisons that set everything grumbling. You are a victim of your own gluttony. You love to eat and you overdo it.

It is a fact that nearly all persons eat about three times as much as is needed to keep them in good health and strength.

Thomas Edison, the world famous electrician, has done more to help the world's advance in electrical science than nearly all the other men in the world who have been working in that line. The telephone, the incandescent light, the phonograph, the appliances of electric power to hundreds of useful interests and necessities to keep things moving, he has discovered, improved and adapted. But this man of wonderful work sticks to it continually and for twice the number of hours that the ordinary worker does, and yet he consumes only one pound of food per day and night. Withal, he is strong, hearty, of 70 years—a little more or a little less—and he retains his weight of 185 pounds, or decreases it, at his will.

There is a physician in Chicago who is a very large man of 200 pounds, without surplus flesh. He frequently walks all the way down to his club—no matter what the weather is. He is the personification of ruddy health. He is wealthy and is fond of intelligent company and devoted to light athletics, especially golf. That doctor rarely sits at the dining table, and when he does take such a seat, he eats comparatively nothing. His food is nuts, fruit and milk and not large quantities of those.

These two remarkable instances are offered to show what even large, strong and busy men can do and be happy and healthy on 10 per cent of the food that most big men consume. Neither o them are cranks or faddists. Both are remarkably intelligent and educated men. Both are masters in their calling. Of course, different callings demand a greater or lesser quantity of food. But this only to a comparative degree. Growing lads and lassies and smaller children need a little more food to help their growth than they will after having attained full manhood and womanhood. They should be, and generally are, judiciously stinted, but the average man or woman having nobody to stint them, eat all they can and, instead of rising from the table satisfied, or perhaps a little hungry, they will eat a full meal and then pile on the desserts and pastries that follow.

In ninety-nine cases out of a hundred, that continuous over-eating is the cause of nearly all the ills of the flesh the people have coming to them—or, rather, to which they are going. From it comes constipation, biliousness, appendicitis, dyspepsia and a horrid host of such enemies to health and happiness. Cut down your meals about one-half, thus cut down on the expense of them in the same proportion—that, however, is the least of the reasons. The degree to which you would enjoy life, physically and mentally, would be in a proportion incalculable.

You will be astonished in a little while how easy it is to quit eating so much, after you have tried it a while.

Club Notes.

Dear Doctor: Our 5-year-old boy has ear wax which has been in the habit of hardening and shutting out sense of hearing for about three years. Doctor gave medicine to soften the wax after he had cleaned the hardened matter out. Hearing does not seem to be even all the time. Sometimes he hears well at others seems almost deaf. A friend recommends glycerine to soften the wax. What do you say? He does not seem to learn to talk much. R. C. H.

I would suggest that a mixture of half glycerine and one-half witch hazel extract would be better than the glycerine alone. It is not so likely to irritate. [illegible] substance. The child should be taken to the specialist that you may have your money properly expended. A specialist will do more in a few minutes than friends will later on. The matter is important. There may be [illegible] in this case which should be properly brought to your attention. Keep the boy now.

Dear Doctor: Is it unusual craving for sweets a symptom of disease? Or is it that my boy wants candy because he eats the wrong kind of food? He is well and healthy, and otherwise shows nothing that should cause worry. A. B. M.

Children are nearly all very fond of sweets. Where the craving is really abnormal it indicates a lack of certain chemical elements in the system. Would suggest that the little fellow be allowed a reasonable amount of pure candy and chewing gum. Candy should not be allowed between meals, however. Just after the noonday meal it is allowable. Would also suggest the tissue food Nat. Phos, which can no doubt be secured from your local homeopathic physician, who will tell you how much and how often to give. The sugar of milk tablets would be best in his case. If he has worms, the Nat. Phos, will cleanse them from his alimentary canal and at the same time supply the elements lacking.

FLANDERS 20 — Studebaker Automobiles — EMF 30 — Two Models

If You Were an Expert, What Car Would You Buy?

The time has passed when automobiles can be sold to you on their appearances or claims. This is a day when you and every purchaser must be shown what the car for which you pay your money will actually perform; what it will do. Beware of an automobile salesman who attempts to beguile you with a pleasing story. Tell him to show the goods and *prove* to you that his cars are worth the money. Find out whether his car is a real car or only an assembled automobile built to sell.

You have a right to your money's worth, but it is up to you to see that you get it. Deeper than all appearances, there are a few expert tests which ought to be applied to every car.

Who makes the car? Is it an assembled car or made from top to bottom by one manufacturer? What kind of a guarantee is on it? Does the manufacturer respect his own product with a real guarantee, or does he want you to take the chance? What do parts cost you and how conveniently can you get them? How many cars of this make are in service and how many are giving satisfaction? Questions like these go deep into the heart of the case, and if you put them rigorously upon any car you will find out with a certainty whether or not that car is worth its price.

We are selling Studebaker E-M-F "30" and Flanders "20" cars because we know that, dollar for dollar, their equal is not sold in the market today. The records of many thousands of cars in all kinds of service have convinced us absolutely. Studebaker E-M-F "30" and Flanders "20" cars are built to run, and because they run they sell. If we cannot prove to you under the most searching test that Studebaker cars are absolutely the best automobile values in the market, we do not want your business; but we *can* prove it, and your neighbors who drive these cars will tell you the same thing.

Be an expert when it comes to buying a car. You can, by getting from us some further ideas on real tests of an automobile. Clip the attached coupon and send it to us now because we have something new to tell you which you ought to know, whatever car you have in mind.

BATON ROUGE IS IN DANGER

Citizens and Convicts in Desperate Effort to Hold Levees.

CITY'S PUMP HOUSE THREATENED

Water Creeping Up Takes Town After Town—Large Houses Floating at Bayou Sara—Melville Citizens Ordered to Flee.

Baton Rouge, La., May 4.—Hundreds of citizens, rich and poor, worked all day and are still working side by side with 300 convicts and negroes in a desperate effort to hold the levees against the torrential floods in the Mississippi creeping hourly towards the crest of the earthworks about this city.

When the situation became so critical every able bodied man and boy began carrying sandbags and shovelling mud. Five hundred cadets of the Louisiana state university joined with soldiers in working to save the levees.

A special effort is being made to save the city pumping station and water works plant. The convicts are building a levee for the protection of the lower portion of the city in the event of a break.

To Arrest Idle Negroes.

Mayor Roux has ordered every unemployed negro in Baton Rouge arrested and put to work on the levee, but they are few and hard to find.

With this battle against the water going on the refugees from the Terras district are not neglected. Two hundred arrived at Port Hudson, where a concentration camp has been established. The waters from the Terras break are slowly spreading over the open country, taking in town after town, becoming deeper every hour. The situation in this district was made more critical by the break in the Moreauville levee on the Bayou Des Glaise.

Fifteen Feet at Bayou Sara.

Bayou Sara is under from 10 to 15 feet of water and it had the appearance of the entire Mississippi flowing through the town. The water has reached the second floor of many houses and ten large houses were today seen floating away. The levee protecting Bayou Sara, a prosperous town on the east side of the Mississippi, 20 miles north of Baton Rouge, went out early in the morning.

Capt. J. A. Logan of the United States army relief corps has issued a warning to the people at Melville to flee for their lives. Women and children, he ordered, must be got to some place of safety without delay as the town is liable to be destroyed at any moment.

TWENTY THOUSAND IN LINE

Greatest Suffrage Parade of the Century Viewed by 2,000,000 New Yorkers.

New York, May 4—Miss Annie Tinker's squad of suffragette cavalry-women, booted, spurred, breeched and stayless, were easily the feature of the greatest suffrage parade of the century, which was held here this afternoon. Twenty thousand equal righters, ten abreast, and all wearing 28-cent suffrage hats, marched from Washington square at Eleventh street to Fifty-seventh street and Carnegie hall. The parade was viewed by over 2,000,000 enthusiastic masculine New Yorkers.

There were suffragettes of every description and color, including a squad of negresses organized and led by the intrepid Mrs. Albert Plimpton, and a bunch from the far-off land of China, led by Miss Myrtle Jim.

Miss Tinker and her cavalcade of equestriennes were mounted upon beautifully caparisoned horses, thoughtfully provided with blinders. This cavalry squad was comprised of the flower of New York suffrage, and in its ranks were Miss Inez Mulholland, Miss Mabel Lee, the Chinese suffragist, Mrs. Palding Farnum, the sculptress, Mrs. William Bracher and Mrs. Richard S. Chisholm. Theirs was the only headdress not of the 28-cent denomination; it was a three-cornered black straw with a tri-colored cockade in purple, green and white, and cost almost 59 cents. The ladies began to gather at Washington square at three o'clock, and some three hours later Mrs. Blatch gave the order to march.

JUDGE SHOT HIS WAYWARD SON

Boy Had Attempted to Kill His Father With a Razor—No Arrest Likely.

McAlester, Ok., May 4.—Word has just reached here from Canadian, in the northern part of this county, that Judge John P. Connors had shot and killed his son, John P. Connors, Jr., 27 years old. The son had been wayward and appeared at his father's home last Friday after a year's absence. Since that time he had been making trouble for all the family. He cornered Judge Connors in the kitchen and attempted to kill him with a razor. The judge was compelled to shoot to save himself.

Judge Connors has not been arrested and it is not probable he will be

STEREOTYPERS JOIN STRIKERS

Leave Chicago Newspapers in Sympathy With Pressmen.

NEWSBOYS BEATEN ON STREETS

Professional Thugs Were Arrested —Sympathy Strike Not Sanctioned by International Body.

Chicago, May 4.—After a day of turmoil, marked by several assaults and a few arrests, resulting from attempts to distribute Chicago newspapers printed by non-union pressmen, publishers were confronted with fresh trouble when the sterotypers walked out of all the offices. The move was made by the workmen in violation of a specific order from James J. Freel, international president of the stereotypers' union, for the men to remain at work.

Gangs of professional thugs, some of them ex-convicts, instituted a series of semi-riots and brutally beat a number of little newsboys who tried to sell newspapers on the streets.

Sluggers Arrested.

In their efforts to prevent not only the publication but the sale of the newspapers included in the Chicago local of the Newspaper Publishers' association, these men resorted to flagrant slugging tactics and many of them were arrested.

Chief of Police McNeeney has issued orders that all notorious characters found involved in disturbances be jailed and that law and order will be preserved.

Adding fuel to the flame of dissatisfaction already created, a newspaper called the Chicago Daily Socialist has spread broadcast over the city a number of inflammatory articles and the police are watching that publication.

As an indication of the cowardly manner in which the sluggers worked, nine of them simultaneously attacked Henry Messner, who has a news stand at Madison street and Wabash avenue.

Struck in the Face.

They followed the usual plan. One of them suddenly struck Hessner in the face, knocking him down and after scattering the papers over the street the chief slugger assisted the other eight in kicking Hessner around the street. Policemen ran to Hessner's assistance and one of the sluggers was caught. Hessner's face and head were cut and bruised and he suffered internal injuries from the kicks he received.

One of the pressmen employed on the Examiner who refused to join the strikers and insisted upon adhering to the terms of the pressmen's union contract with the publishers association, received a ghastly warning.

Through an annoymous letter he was informed that unless he quit work and joined the strikers his home would be dynamited and his wife and child killed. He appealed to the police for protection for his home and family.

NEW SCHOOL DRILL FOR SAFETY

Oklahoma Teacher, Alarmed by High Wind, Organizes Tornado Drill.

Wichita, Kan., May 4.—Miss Hattie Moon, principal of the Enterprise school near Wakita, Ok., has inaugurated a tornado drill in her school since the frequent bad tornadoes in Oklahoma, calling the scholars out unannounced much after the fashion of the fire drill in the city schools. The scholars are lined up on signals and run to the nearest tornado cave, which is on the farm of R. F. Schulke, a quarter of a mile away. They have been able after much practice to cover the distance in four minutes.

Medford, a town near Wakita, was visited by a strong wind Monday, the influence of the blow being felt at the Enterprise school. It was then that Miss Moon and her classes made the record time to the Schulke cave.

OPPOSE CATTLE INSPECTION

Wichita Interests Fear Bill Requiring Destruction of Diseased Animals.

Wichita, May 4.—The Wichita Live Stock exchange telegraphed Representative Victor Murdock, asking him to remove his name from the house resolution which demands a more rigid inspection of live stock than is now made. The resolution would require the destruction of all animals affected with tuberculosis or other diseases.

Boise, Idaho, May 3.—At the demand of the Mexican government a thorough investigation will be made by the attorney general of Idaho into the killing of Raymond Herera, a Mexican, by the chief of police at Grove City, April 9.

OVERLAND

$1200 Worth for $900

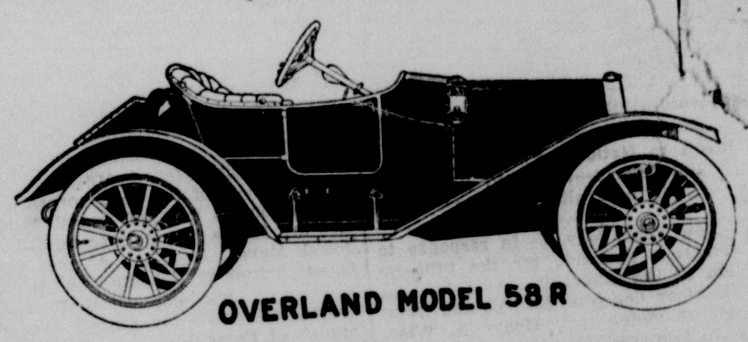
THE several important things that you demand in an automobile are power, performance, service, wear and appearance. You must have a car that has all of the practical things—one that will serve your purpose (both for pleasure and work) for as little money as possible.

Let's start with some of the higher priced cars made —say those selling from $1200 to $1500—and see if they give you any more practical or useful value than this $900 car. We have not the space to go over the entire car, but take the five fundamentals—power, speed, capacity, durability and appearance.

Practically every $1200 to $1500 car in America has a 30 horsepower motor. OUR $900 CAR HAS A 30 HORSEPOWER MOTOR. They all seat five passengers. OUR $900 CAR SEATS FIVE LARGE PASSENGERS. In fact it is just as roomy and comfortable as you could possibly want it to be. Those higher priced cars seldom develop over forty or fifty miles an hour. OUR $900 CAR WILL GO FORTY MILES AN HOUR WITH EASE AND WILL TAKE YOUR TOUGHEST HILL WITH JUST AS MUCH EASE.

Nor can $1200 to $1500 give you a better made car. In fact, in some instances it CANNOT be as WELL made, for most of the other factories are so small that they are forced to do work by hand that we do by machinery, and everyone knows that machine work is better and more accurate than hand work.

This $900 car has a pressed steel frame. Same as the $1250 car. The front axle is a drop forged I section—drop forged in our own forge plant—same as the $1250 car. The transmission is selective—three speeds forward and one reverse. Same as the $1250 car. The transmission is fitted with F. & S. annular bearings, which are used on the most expensive cars made. You get a fine Splitdorf magneto. Same as the $1250 car.



The motor itself is a beautiful job. It will never [illegible] a particle of trouble. Just as true and sound as [illegible] these big powerful engines you see on famous race [illegible]. It is of the most modern design and as simple in operation as ABC. All the gear and crank castings are of pure aluminum, WHICH ARE FOUND ONLY ON VERY EXPENSIVE CARS. The gears are of Vanadium steel, FOUND ONLY ON VERY EXPENSIVE CARS.

In appearance it is just as carefully and thoroughly finished. The body is in dark Overland blue. The upholstery is of good leather, hand stuffed with fine hair. A car could not be made more comfortable. The body design is graceful, pleasing and right up-to-date in stylish appearance. Why should you pay $1250 for a 30 horsepower five-passenger touring car when you can get a car like this for $900?

And remember, this car is built by the greatest organization of skilled men—5000 of them—in the largest automobile plant in the world. Our enormous manufacturing and financial facilities enable us to do what is impossible for the smaller manufacturers.

Our handsome and well-written book gives you the detailed value of this car. It tells you all about our great, big factories—shows you the interior views of every department and contains a colored set of illustrations showing the complete Overland line for 1912. It is free. Write for your copy today. Please ask for book XX33.

KANSAS AGAIN STORM SWEPT

Tornado at Larned Destroys Houses and Injures Many.

KILLED MEXICANS AT KINSLEY

Cars in Which Men Were Bunking Wrecked and Wires Are Down —Church Destroyed at Offerle.

Larned, Kan., May 4.—A tornado struck the east edge of Larned about 7 o'clock destroying a dozen houses and slightly injuring several persons. Mrs. Chris Ahrensfield was the most severely hurt, being struck on the head by falling timbers when the Ahrensfield house was wrecked.

The twister came from the Southeast and just shaved the east and north edge of town. The homes of Samuel Wimberly, Frank Winters, Mrs. Littler and D. S. Kokendorfer were among those destroyed. The Missouri Pacific depot in the north edge of town was wrecked. The electric light plant was shut down at once to guard against shocks and fires from the tangled mass of debris and wires in the east part of the city.

Other Storms Struck Near.

Two other storms struck near the city in addition to the one which passed through town. One formed just west of town and passed up the Pawnee Valley to the westward. This twister destroyed the barn on the H. H. Reed farm, a mile west of Larned, in which Mr. Reed and his son Fred had taken refuge, together with about 100 head of horses. The barn was demolished and the men and horses covered with debris, but Mr. Reed and his son escaped injury.

Telephone wires are down and the rain which continued until late in the night prevented travel, but it is known that both this storm and the one which passed through Larned did great damage in the country.

Two twisters passed through Offerle, in the west edge of Edwards county, and destroyed a church and a number of houses.

Three Killed in Kinsley.

Kinsley, Kan., May 4.—A tornado passed over here between 5 and 6 o'clock in the afternoon, killing three or four Mexican laborers and injuring two others so severely it is feared they die. The men were bunking in box cars and the cars were wrecked by the storm. Telegraph wires were torn down and much damage done.

LAW FAILS TO PROTECT FLAG

Insult to National Emblem Must Go Unpunished—I. W. W. Blames "Irresponsible Persons."

New York, May 4.—In response to numerous demands for the prosecution of the Anarchists who tore an American flag from its pole and trampled it under foot, Henry A. Wise, United States district attorney was disappointed in being unable to find a federal statute which made such an act an offense. It is said, therefore, that no steps can be taken against the offenders.

Lawrence, Mass., May 3.—Condemning the recent action of some members of a New York audience who tore down the American flag and trampled it, officials of the Industrial Workers of the World here placed the blame on "irresponsible persons playing into the hands of our enemies."

Man, poor man, has this much to be thankful for so far this year. The bills for spring millinery and other feminine finery have been delayed at least a month.

You can tell by the high pitched voice of a grass widow that she is not in the heyday of life.

Now that the weather has broken for the better what will the average person find to talk about?

Most of the troubles with which folk are worried are the result of excessively active imaginations.

ORGANIZE TO PROTECT FARMS

RAY AND CARROLL COUNTIES UNITE ON DRAINAGE PLAN.

Will Reclaim Missouri River Bottom Land—195 Square Miles Involved.

Richmond, Mo., May 4.—The Missouri River Valley Drainage association of Ray county and the Missouri River Valley Drainage association of Carroll county are uniting to make an organized effort for the reclamation of the Missouri river bottom lands contained in these counties.

This project will involve 195 square miles of land. The bluffs on the northern side of the Missouri river are farther from the river in these counties than anywhere else in the state, they forming the widest and largest valley along the Missouri river.

The landowners of the two counties expect to co-operate in their work. They will petition the department of agriculture in Washington to have the drainage bureau of that department make a topographical survey of the entire district.

The movement is one of many along the river following the adoption by congress of the Missouri river commission plan for a permanent six-foot channel in the Missouri river. Practically all of the caving banks along the Missouri river from Kansas City to the mouth will be revetted within ten years. The revetment in Ray and Carroll counties is expected to be completed within four years.

The officers of the newly organized associations in Ray and Carroll counties are James Farris, president, and Jewel Mayes, secretary of the Ray county branch at Richmond, and H. H. Wilcoxson, president, and S. K. Turner, secretary of the Carroll county branch at Carrollton.

SHRINERS CONVENTION OPENS

Nobles From all Over Country Journey to Los Angeles for Annual Meeting.

Los Angeles, May 4.—The annual convention of the Mystic Shrine opened here today with a flood of incoming Shriners who rapidly overflowed the hotels and packed the city's boarding houses to the limit. An official estimate of the visitors, up to noon today, places the figure at 5,000 and Shrine officials state that the convention will be one of the largest ever held in the United States.

Chief among the arrivals this morning was a special train from Chicago, whose cars were jammed with Shriners from points further east. Besides the delegates arriving by train there were hundreds of automobile parties from various points in the western states.

The convention is scheduled to adjourn on May 11, and the intervening time will be taken up with automobile trips, entertainments, sight-seeing tours, receptions, dances, parades and various Shrine celebrations.

TWENTY-EIGHT HORSES BURNED

Fire Spread so Rapidly That Animals on Second Floor Could Not be Saved.

Excelsior Springs, Mo., May 4.—Twenty-eight horses were burned to death in a fire which damaged the Park & Jesse livery barn at 3:45 a. m. The animals were kept on the second floor of a brick building and the fire spread so rapidly that only four were rescued. One of these, the family horse of John S. Lewis, a merchant, broke loose and ran down a chute to the street. The fire is supposed to have been caused by spontaneous combustion in a carload of hay.

Prison Population Increasing.

Leavenworth, May 4.—There are now 1,096 prisoners in the federal prison. The population has been increasing rapidly lately, and the high water mark will soon be reached if arrivals come as frequently as they have in the last few weeks. In May of last year there were 1,105 prisoners enrolled, while in June there were 1,132, which is the greatest number that has ever been inside of the walls.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands.

Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

NEW APPOINTMENTS

COUNCIL SLATE WENT THROUGH LIKE GREASED LIGHTNING.

IT WAS ALL CUT AND DRIED

Names of Applicants Submitted to Council, They Made Selection, and Mayor Recommended.

At a meeting of the city council held Friday evening the annual appointments were made for the ensuing year. The meeting was well attended by a number of people, and every member of the board was present, due to the fact that a rumor had it that a secret meeting of several members of the council was held this week and they had decided on their slate. It was evident to be seen that the council secured the appointments of those they wanted.

Mayor Robey, instead of appointing, named the number of applicants for each office, and then let the members of the board vote on them. Mayor Robey was in favor of a yea and nay vote and not a secret ballot, but the members by an unanimous vote decided that they wanted a paper ballot, and had it.

For the positions of city attorney, night policeman and street commissioner there were more than one applicant, and after Mayor Robey read the names of them, then the council voted on their choice, and Mayor Robery would appoint him and then the council would confirm the appointment. As one prominent citizen said: "The council appointed the officers, then the mayor would confirm them, instead of the mayor appointting the men and then letting the council confirm them."

The following were the officers selected:

L. C. Gann, city clerk.

Dr. A. T. Fisher, city physician.

F. L. Fylnt, city engineer.

Fred Kinney, street cleaner.

G. M. Campbell, weighmaster.

Burt Rowley, chief; Fred Diss, Jo Pulliam, Carl Riffe, Jim Smith, L. A. Denny and Jim Kegan, members of the fire department.

Purl Edwards, fire driver.

W. E. Wiles, city attorney.

M. I. Woods, street commissioner. This appointment was only for a term of three months.

Wm. Culver, night policeman.

One bid for the city money was from the Nodaway Valley bank, their bid being 2 per cent on daily balances. The board rejected the bid, believing that they will be able to get more out of the city money than that. The mayor was instructed to see all of the bankers again and to have them bid.

Jon Shanks was appointed sexton of the Oak Hill cemetery.

Went to Bedford.

The State Normal base ball squad went to Bedford this noon to play the fast high school team of that place this afternoon. The boys will return on the afternoon train. Those who made the trip were Coach Moore, Capt. McKee, McGrew, Richardson, Simpson, V. Seymour, Taylor, Wilson, Miller and Perrin.

Mrs. Tabler is Better.

Mrs. Charles Tabler, living north of Maryville, was dangerously ill Friday, but was considered much better by her physicians, Drs. F. M. and Vilas Martin, on Saturday.

To Attend Aunt's Funeral.

Miss Katherine Helwig went to Trenton Saturday to attend the funeral of her aunt, Mrs. T. W. Hughes, which will be held on Sunday.

MEETINGS WELL ATTENDED.

Revival Services at M. E. Church, South—Rev. Crowe's Sermon Friday Night.

The revival meetings being held at the M. E. church, South, are very successful, and at the meeting Friday evening a good sized crowd was in attendance. Rev. M. F. Crowe took his sermon from the first Psalm, as follows:

"The ungodly man is the one who is unlike God.

"Some church members are ungodly.

"Such give counsel both to their words and actions. Your life means more than your profession.

"Some who counsel sinners to follow Christ by their words influence them to follow the devil by their dancing and card playing.

"Don't stand in the way of sinners. If you run with dogs you are sure to get fleas.

"Church members who stand in the way of sinners will not only pollute their own souls, but will become stumbling stones to keep the sinners away from Christ."

Tonight's service will commence at 7:45 o'clock and Rev. Crowe's subject will be "Envy." A duet will also be given by Mr. Lewellan and Miss Myrtle Sheldon.

Services will be held both morning and evening Sunday.

For railroad commissioner—J. T. Bradshow, Kansas City; Rube Oglesby, Warrensburg.

HIGH SCHOOL NOTES.

Miss Pauline Martin of St. Joseph Central high school was a visitor at school this week.

Rev. Tralle, who holds the chair of religious pepagogy in Hardin college, visited the high school on Wednesday and gave a very interesting talk during the assembly hour. Rev. Tralle told of his experiences in college life and how he got through school, twelve years of it, on four dollars in cash. He said, however, that he had other assets which were infinitely more valuable than cash. First, he said that he valued his brains at one thousand dollars, not that anyone ever offered him that much for them, but still he wouldn't have taken that amount for them. Next, he said that he had ten thousand dollars worth of work. A great many people, said Rev. Tralle, are lazier with their heads than with their hands. No matter how well endowed by nature a man may be, to be a success he must know how to work. His next asset was one million dollars worth of stick-to-itiveness. The big things maybe done in just the same way that the small ones are; it just takes a little longer. His last, and perhaps most valuable, fund which he had to draw on was a billion dollars worth of friends. A young person will never find a place where he may have more good true friends than in college. Rev. Tralle, in closing, urged each pupil to go to some advanced school as soon as they had finished their high school course.

Mr. Shepard Leffler, formerly a teacher in the high school, gave a very interesting talk in assembly on Thursday concerning his visits to the English house of commons, and compared it with his impressions of the senate and house of representatives. One of the most marked differences which first greets one is the ease with which one may gain entrance into our law-making bodies and the difficulty in getting into the English parliament. The methods in the two were entirely different, and many very interesting facts were disclosed during the talk.

The advanced seniors went to Barnard to spend Saturday with Mr. Ova Goff. Miss Lindholm chaperoned.

Sunday Services at Local Churches

First Church of Christ, Scientist.

The morning subject will be "The Holy Spirit," and the evening subject "The Difference Between That Which Seems to Be Right and That Which is Right." At the morning service, Miss Myrtle Sheldon will sing a solo, and at the evening orchestra music will be given and a male quartet will sing.

First Baptist Church.

Rev. C. W. Henry of the Anti-Saloon League of Missouri will occupy the pulpit of the Baptist church Sunday morning at 11 o'clock. Rev. Henry was formerly pastor of the Baptist church at Canton, Mo. The choir will render special music at both preaching services. The pastor, Rev. Lee Harrel, will preach as usual in the evening. Sunday school at 9:30 a. m. B. Y. P. U. at 7 p. m.

A special meeting of the children and young people is to be held Sunday afternon in the church at 3:30 o'clock.

Christian Church.

Regular preaching services at 10:45 and 8 p. m. The morning sermon will be given by the pastor in the interests of home missions. Subject, "Witnessing for Jesus." Text, Acts 1:8. Bible school at 9:30. Endeavor at 7 p. m.; leader, Miss Edith Davenport. Subject, "The Christian Virtues vs. Unselfishness"—I John 3:10-18. In the evening Dr. Moore of St. Louis will occupy the pulpit in the interests of the Anti-Saloon League. Let us give Bro. Moore a good hearing in this our fight against "America's Black Plague." Claude John Miller, pastor.

First M. E. Church.

Tomorrow is field day for the Anti-Saloon League in our city. Dr. Moore will preach in the M. E. church. He is one of the very best speakers that the organization has in the field. He is the general superintendent of the Anti-Saloon League of Missouri.

In the evening the pastor will speak on the subject, "Our General Conference." The general conference is the great law making body of the M. E. church, and is now in session at Minneapolis. It is composed of about eight hundred delegates from all over the world. It has been said by many men outside of the Methodist Episcopal church that it is the greatest legislative body in the world. This topic ought to be of especial interest just at this time. Every one cordially invited.

The official board will meet in regular monthly session in the choir room Monday evening at 8 o'clock. Prayer and teachers' meeting Wednesday evening. Epworth League services in Epworth League parlor Sunday evening at 7 o'clock. Prof. Mary M. Hughes will lead. Barnard Teachers.

The school board of Barnard has selected two of their teachers for the next year. They are D. D. Hopper, principal and Miss Lena Robinson, intermediate.

Miss Agatha Kirk and her little sister, Cleola, went to Clyde Saturday to visit their cousin, Miss Lottie Kroetch.

News of Society and Womens' Clubs

Aid Society with Mrs. Lloyd.

Mrs. Eldon Lloyd entertained the Ladies' Aid society of the M. E. Church, South, with a luncheon Friday afternoon. There were fifteen members present and two visitors, Mrs. Truman Lloyd and Mrs. J. W. Herndon. During the regular business session arrangements were completed for the serving of a dinner and supper uptown on Saturday, June 1.

Will Meet With Miss Sturm.

The general meeting of the Twentieth Century club, which will be held Tuesday afternoon, will meet at the home of Miss Clara Sturm, instead of the Elks' club, as is usual. All members are especially urged to be present. The officers for the new department of music, arts and crafts will be chosen. The subject for discussion will be "Public Improvement." Miss Sturm will speak of "Missouri's Laws on Child Labor," Mrs. D. J. Thomas of "The Moving Picture Show, the New Form of Drama for the Million," Mrs. Leslie Dean of "Why Do We Need a Public Library?" On what measures can be taken to (a) Establish a Park,, Mrs. O. C. Hanna will speak; (b) Establish a Free Sunday Concert League, Miss Birde Shelton; (c) Improve Our Cemeteries, Mrs. J. A. Ford.

Mrs. Wilfley Was Hostess.

The C. W. B. M. of the Christian church met with Mrs. G. L. Wilfley Friday afternoon. The afternoon study, "Argentina of South America—The Country, the People and the Work of the C. W. B. M.," was conducted by Mrs. Claude J. Miller. A paper on "Argentina—The Land and People," was given by Mrs. J. D. Frank. "The Church of Christ in South America and the Need of Workers," was discussed by Mrs. F. P. Reuillard. "Legends and Superstitions in Latin Lands," by Mrs. T. H. Cook. "A Forgotten Continent," by Mrs. J. R. Brink. An exercise entitled "Hidden Answers" was conducted by Mrs. J. W. Ray. The program ended with a solo by little Miss Lona Gilbert. During the social hour the hostess served refreshments to her guests and gave several delightful numbers on her victrola.

Dew Drop Inn Club.

Mrs. Claud Moore was hostess to the Dew Drop Inn club Wednesday when a very pleasant and profitable afternoon was spent. After the reading of letters from Mrs. E. M. Shepherd, president of the Missouri Federation of Women's Clubs; Mrs. W. I. Woods, manager of General Federation of Women's Clubs, and Mrs. Edwin A. Knapp, it was decided to take up the study of Mexico in two weeks, when the club will meet at the home of Mrs. Albert Orme. The fancy work begun at a former meeting was continued. Refreshments were served during the social hour to those present, who were: Mrs. Samuel Yeager and daughter, Mrs. Oliver Jones and children, Mrs. Harry Farrar and daughter, Mrs. John Sprague, Mrs. Nathaniel Orme, Mrs. Albert Orme and children and Mrs. Claud Moore.

Misisonary Society Friday.

Mrs. William Everhart entertained the Woman's Missionary society of the Baptist church at its regular meeting Friday afternoon. Twenty-two members were present and two new members were added, Mrs. Walter Wiles and Mrs. Frank Shepherd. Mrs. Eugene Ogden led the Bible study, the subject was "The Influence of Song." Text, Ps. 100 and Eph. 5-19. The mission study was "Missions in Lumber and Mining Camps," but owing to the absence of Mrs. S. A. Helwig, who was to lead the topic, Mrs. F. W. BISHOP PARTRIDGE COMING.

Will Be First Visit to Maryville—To Hold Services Sunday at Episcopal Church.

Bishop Sidney D. Partridge and Archdeacon Johnson of Kansas City will be in Maryville, and Bishop Partridge will preach both morning and evening at the Episcopal church in this city. This is the first visit of Bishop Partridge to the Maryville church.

Bishop Partridge, within the last year, was called to fill the place of Bishop Atwill, who died about a year and a half ago. Bishop Partridge had been a missionary in China and Japan for the past twenty-eight years, and had expected to give his life to those people when he was called from over the sea to be bishop of the diocese of Kansas City.

CALLED TO CHICAGO.

George L. Evans Left Saturday for That Place, Being Sent There By the Burlington.

George L. Evans, a special agent of the Burlington, was called to Chicago Saturday by the chief agent of the road, who said that all agents are being sent there on account of the present strike on in that city of the pressmen and stereotypers in the newspaper offices. Mr. Evans did not know any other reason that he was called there.

The strike on at present at Chicago has resulted in the newspapers being unable to print more than one edition and that being only four pages. No Chicago papers have been in Maryville the past two days.

PARNELL HAS CLUB.

Organized a Commercial Club for the Purpose of Good Roads and Other Improvements.

A commercial club was organized at Parnell this week by the business men and citizens, and one of the main objects of the organization will be to have good roads leading to Parnell and the means of bringing added industries to that town. The following are the officers elected: George L. Felton, president; A. F. Hall, vice president; F. A. Breit, secretary; H. O. Gray, treasurer.

More Money for Carl Wright.

At a meeting of the executive board of the Humane society of Maryville, in the office of F. P. Rabinson, Friday afternoon, the board voted $10 to the Carl Wright fund, which was paid to the committee Friday evening.

The Democrat-Forum received Saturday a subscription of $1 from Mr. F. Slawson of near Maryville.

Hogs on Market at St. Joseph.

The Nodaway county farmers on the St. Joseph market Friday with hogs were Joe Helker of Hopkins, W. R. Linville, of Skidmore, and the Rankin farms of Quitman.

Re-Elected as Teacher.

Miss Winifred Carpenter, daughter of Mr. and Mrs. L. E. Carpenter of this city, has been selected again as one of the grade teachers of the Bethany, Mo., public schools.

Called to Preach Funeral.

Rev. Lee Harrel was called to Platte City Friday evening to preach the funeral services for the late Mrs. John Harris on Saturday morning. He will return Saturday night.

TEMPERANCE TALKS

SPEAKERS FROM ANTI-SALOON LEAGUE TO OCCUPY PULPITS.

URGE GOOD CANDIDATES

While Not Touching Politics, Selections of Temperance Men for Legislative Ticket May Be Urged.

At four of the Protestant churches Sunday representatives from the State Anti-Saloon League will occupy the pulpit at one of the services. The day is known as field day for the Anti-Saloon League. Owing to the revival meetings in progress at the M. E. church, South, a speaker from the league will not occupy the pulpit.

The object of these meetings is to tell of the work of the Anti-Saloon League and that all temperance people should join the cause and help them out. It is thought also that these speakers will urge all temperance people to be sure and vote for men for the legislature whose views along temperance lines are known.

Speakers from the league are visiting in many of the towns over the state to help out their cause.

The representatives of the league that will be here Sunday and where they preach follows:

Dr. Albert Moore of St. Louis, state superintendent of the state league, at the First M. E. church, Sunday morning at 11 a. m., and in the evening at the Christian church.

Rev. C. E. Henry, a speaker of the league, at the Baptist church, Sunday morning at 11 o'clock.

Rev. A. M. Bushnell, assistant superintendent of the league, as the Presbyterian church at the morning service.

NODAWAY COUNTY FOR MARTIN.

So Said James B. Robinson of Maryville in St. Joseph Friday, in an Interview.

In today's issue of the St. Joseph Gazette appears the following:

"Nodaway county is going to give B. Raleigh Martin the biggest majority in his race for the Democratic nomination for congress, of any man who ever left Nodaway county," said James B. Robinson, president of the Nodaway Valley bank of Maryville, in discussing Democratic politics in Nodaway county yesterday at the Hotel Robidoux. "Martin is not only an able lawyer, but he is an orator of such ability that if elected to congress he will cause the Fourth district to be proud of him."

GAVE A CONCERT.

First Public Concert by the Maryville Band Was Very Much Enjoyed By a Large Crowd.

The first of a series of public concerts was given Friday evening by the Maryville band, L. V. Lawler, director, on the court house square, and was much enjoyed by the large crowd of people. The band is one of the best in this part of the state, and the people look forward to these concerts with much pleasure.

One of First Pupils Graduated.

Miss Mary Fordyce went to Barnard Friday evening to attend the commencement exercises of the schools there, one of her pupils, Miss Abernice Rasco being one of the graduates. Miss Rasco graduated from the Fairview school, where Miss Fordyce taught two years ago. Miss Fordyce is attending the State Normal.

"I am a celebrated man. Fame trumpets my name to the four corners of the globe, and the publicity given by the press to my humble person must render jealous all those who take so much trouble to get talked about." Now who do you suppose it was that said that? No, you are wrong. It was Bonnot, the Paris bandit and murderer.—Kansas City Journal.

"As much as I desire the delegation for Mr. Taft I prize the value of my good name too highly to resort to contemptible trickery and sharp practice to gratify that desire. I could not lead myself to believe that he (Hadley) would stoop so low. The excuse that he could not control the delegates is absurd. Not only does the record of the eighth district prove up his methods, but the cunning maneuver to withhold instructions to the very last hour of the convention is conclusive evidence of how methodically the deception had been planned."—From Otto Steifel's statement on Gov. Hadley's action at St. Louis.

Keep Cool!

If the politicians roar,
Keep cool!
When they holler more and more,
Keep cool!
Don't get worked into a fret;
Don't mill 'round until you sweat;
Country's pretty solid yet—
Keep cool!

Don't get mad in politics.
Keep cool!
Good sense with your thinking mix.
Keep cool!
And no matter where or when
Study principles and men,
Hold your thinker straight, and then
Keep cool!

If the other fellows win,
Keep cool!
Then dig in and try again.
Keep cool!
Don't get hot around the neck;
Keep your temper well in check;
Country isn't going to wreck—
Keep cool!

Other men are honest, too.
Keep cool!
Others think as well as you.
Keep cool!
Show up strong beneath defeat.
That makes victory taste more sweet.
And amidst the campaign's heat
Keep cool!

Home Health Club

By DR. DAVID H. REEDER, LaPorte, Ind.

Don't eat too much—There are many good reasons for this advice. You do not need to eat so much, on the contrary, you need quite the reverse. You will talk of the distress of your stomach; that you feel uncomfortable all over; you are nervous and fidgety; sometimes you feel as if your legs would give way under you.

Quit eating so much. You keep your stomach and bowels under a constant pressure and they not only rebel but they convey to your blood, kidneys, liver, brain and nerve force poisons that set everything grumbling. You are a victim of your own gluttony. You love to eat and you overdo it.

It is a fact that nearly all persons eat about three times as much as is needed to keep them in good health and strength.

Thomas Edison, the world famous electrician, has done more to help the world advance in electrical science than nearly all the other men in the world who have been working in that line. The telephone, the incandescent light, the phonograph, the appliances of electric power to hundreds of useful interests and necessities to keep things moving, he has discovered, improved and adapted. But this man of wonderful work sticks to it continually and for twice the number of hours that the ordinary worker does, and yet he consumes only one pound of food per day and night. Withal, he is strong, hearty, of 70 years—a little more or a little less—and he retains his weight of 185 pounds, or decreases it, at his will.

There is a physician in Chicago who is a very large man of 200 pounds, without surplus flesh. He frequently walks all the way down to his club—no matter what the weather is. He is the personification of ruddy health. He is wealthy and is fond of intelligent company and devoted to light athletics, especially golf. That doctor rarely sits at the dining table, and when he does take such a seat, he eats comparatively nothing. His food is nuts, fruit and milk and not large quantities of those.

These two remarkable instances are offered to show what even large, strong and busy men can do and be happy and healthy on 10 per cent of the food that most big men consume. Neither o them are cranks or faddists. Both are remarkably intelligent and educated men. Both are masters in their calling. Of course, different callings demand a greater or lesser quantity of food. But this only to a comparative degree. Growing lads and lassies and smaller children need a little more food to help their growth than they will after having attained full manhood and womanhood. They should be, and generally are, judiciously stinted, but the average man or woman having nobody to stint them, eat all they can and, instead of rising from the table satisfied, or perhaps a little hungry, they will eat a full meal and then pile on the desserts and pastries that follow.

In ninety-nine cases out of a hundred, that continuous over-eating is the cause of nearly all the ills of the flesh the people have coming to them—or, rather, to which they are going. From it comes constipation, biliousness, appendicitis, dyspepsia and a horrid host of such enemies to health and happiness. Cut down your meals about one-half, thus cut down on the expense of them in the same proportion—that, however, is the least of the reasons. The degree to which you would enjoy life, physically and mentally, would be in a proportion incalculable.

You will be astonished in a little while how easy it is to quit eating so much, after you have tried it a while.

Club Notes.

Dear Doctor: Our 5-year-old boy has ear wax which has been in the habit of hardening and shutting out sense of hearing for about three years. Doctor gave medicine to soften the wax after he had cleaned the hardened matter out. Hearing does not seem to be even all the time. Sometimes he hears well at others seems almost deaf. A friend recommends glycerine to soften the wax. What do you say? He does not seem to learn to talk much. R. C. H.

I would suggest that a mixture of half glycerine and one-half witch hazel extract would be better than the glycerine alone. It is not so likely to [illegible] substance. otherwise shows nothing that should cause worry. A. B. M.

Children are nearly all very fond of sweets. Where the craving is really abnormal it indicates a lack of certain chemical elements in the system. Would suggest that the little fellow be allowed a reasonable amount of pure candy and chewing gum. Candy should not be allowed between meals, however. Just after the noonday meal it is allowable. Would also suggest the tissue food Nat. Phos. which can no doubt be secured from your local homeopathic physician, who will tell you how much and how often to give. The sugar of milk tablets would be best in his case. If he has worms, the Nat. Phos. will cleanse them from his alimentary canal and at the same time supply the elements lacking.

Studebaker — FLANDERS 20 — Studebaker Automobiles — EMF 30 — Two Models

If You Were an Expert, What Car Would You Buy?

The time has passed when automobiles can be sold to you on their appearances or claims. This is a day when you and every purchaser must be shown what the car for which you pay your money will actually perform; what it will do. Beware of an automobile salesman who attempts to beguile you with a pleasing story. Tell him to show the goods and *prove* to you that his cars are worth the money. Find out whether his car is a real car or only an assembled automobile built to sell.

You have a right to your money's worth, but it is up to you to see that you get it. Deeper than all appearances, there are a few expert tests which ought to be applied to every car.

Who makes the car? Is it an assembled car or made from top to bottom by one manufacturer? What kind of a guarantee is on it? Does the manufacturer respect his own product with a real guarantee, or does he want you to take the chance? What do parts cost you and how conveniently can you get them? How many cars of this make are in service and how many are giving satisfaction? Questions like these go deep into the heart of the case, and if you put them rigorously upon any car you will find out with a certainty whether or not that car is worth its price.

We are selling Studebaker E-M-F "30" and Flanders "20" cars because we know that, dollar for dollar, their equal is not sold in the market today. The records of many thousands of cars in all kinds of service have convinced us absolutely. Studebaker E-M-F "30" and Flanders "20" cars are built to run, and because they run they sell. If we cannot prove to you under the most searching test that Studebaker cars are absolutely the best automobile values in the market, we do not want your business; but we *can* prove it, and your neighbors who drive these cars will tell you the same thing.

Be an expert when it comes to buying a car. You can, by getting from us some further ideas on real tests of an automobile. Clip the attached coupon and send it to us now because we have something new to tell you which you ought to know, whatever car you have in mind.

BATON ROUGE IS IN DANGER

Citizens and Convicts in Desperate Effort to Hold Levees.

CITY'S PUMP HOUSE THREATENED

Water Creeping Up Takes Town After Town—Large Houses Floating at Bayou Sara—Melville Citizens Ordered to Flee.

Baton Rouge, La., May 4.—Hundreds of citizens, rich and poor, worked all day and are still working side by side with 300 convicts and negroes in a desperate effort to hold the levees against the torrential floods in the Mississippi creeping hourly towards the crest of the earthworks about this city.

When the situation became so critical every able bodied man and boy began carrying sandbags and shovelling mud. Five hundred cadets of the Louisiana state university joined with soldiers in working to save the levees.

A special effort is being made to save the city pumping station and water works plant. The convicts are building a levee for the protection of the lower portion of the city in the event of a break.

To Arrest Idle Negroes.

Mayor Roux has ordered every unemployed negro in Baton Rouge arrested and put to work on the levee, but they are few and hard to find.

With this battle against the water going on the refugees from the Terras district are not neglected. Two hundred arrived at Port Hudson, where a concentration camp has been established. The waters from the Terras break are slowly spreading over the open country, taking in town after town, becoming deeper every hour. The situation in this district was made more critical by the break in the Moreauville levee on the Bayou Des Glaise.

Fifteen Feet at Bayou Sara.

Bayou Sara is under from 10 to 15 feet of water and it had the appearance of the entire Mississippi flowing through the town. The water has reached the second floor of many houses and ten large houses were today seen floating away. The levee protecting Bayou Sara, a prosperous town on the east side of the Mississippi, 20 miles north of Baton Rouge, went out early in the morning.

Capt. J. A. Logan of the United States army relief corps has issued a warning to the people at Melville to flee for their lives. Women and children, he ordered, must be got to some place of safety without delay as the town is liable to be destroyed at any moment.

TWENTY THOUSAND IN LINE

Greatest Suffrage Parade of the Century Viewed by 2,000,000 New Yorkers.

New York, May 4—Miss Annie Tinker's squad of suffragette cavalry-women, booted, spurred, breeched and stayless, were easily the feature of the greatest suffrage parade of the century, which was held here this afternoon. Twenty thousand equal righters, ten abreast, and all wearing 28-cent suffrage hats, marched from Washington square at Eleventh street to Fifty-seventh street and Carnegie hall. The parade was viewed by over 2,000,000 enthusiastic masculine New Yorkers.

There were suffragettes of every description and color, including a squad of negresses organized and led by the intrepid Mrs. Albert Plimpton, and a bunch from the far-off land of China, led by Miss Myrtle Jim.

Miss Tinker and her cavalcade of equestriennes were mounted upon beautifully caparisoned horses, thoughtfully provided with blinders. This cavalry squad was comprised of the flower of New York suffrage, and in its ranks were Miss Inez Mulholland, Miss Mabel Lee, the Chinese suffragist, Mrs. Palding Farnum, the sculptress, Mrs. William Bracher and Mrs. Richard S. Chisholm. Theirs was the only headdress not of the 28-cent denomination; it was a three-cornered black straw with a tri-colored cockade in purple, green and white, and cost almost 59 cents. The ladies began to gather at Washington square at three o'clock, and some three hours later Mrs. Blatch gave the order to march.

JUDGE SHOT HIS WAYWARD SON

Boy Had Attempted to Kill His Father With a Razor—No Arrest Likely.

McAlester, Ok., May 4.—Word has just reached here from Canadian, in the northern part of this county, that Judge John P. Connors had shot and killed his son, John P. Connors, Jr., 27 years old. The son had been wayward and appeared at his father's home last Friday after a year's absence. Since that time he had been making trouble for all the family. He cornered Judge Connors in the kitchen and attempted to kill him with a razor. The judge was compelled to shoot to save himself.

Judge Connors has not been arrested and it is not probable he will be

STEREOTYPERS JOIN STRIKERS

Leave Chicago Newspapers in Sympathy With Pressmen.

NEWSBOYS BEATEN ON STREETS

Professional Thugs Were Arrested —Sympathy Strike Not Sanctioned by International Body.

Chicago, May 4.—After a day of turmoil, marked by several assaults and a few arrests, resulting from attempts to distribute Chicago newspapers printed by non-union pressmen, publishers were confronted with fresh trouble when the sterotypers walked out of all the offices. The move was made by the workmen in violation of a specific order from James J. Freel, international president of the stereotypers' union, for the men to remain at work.

Gangs of professional thugs, some of them ex-convicts, instituted a series of semi-riots and brutally beat a number of little newsboys who tried to sell newspapers on the streets.

Sluggers Arrested.

In their efforts to prevent not only the publication but the sale of the newspapers included in the Chicago local of the Newspaper Publishers' association, these men resorted to flagrant slugging tactics and many of them were arrested.

Chief of Police McNeeney has issued orders that all notorious characters found involved in disturbances be jailed and that law and order will be preserved.

Adding fuel to the flame of dissatisfaction already created, a newspaper called the Chicago Daily Socialist has spread broadcast over the city a number of inflammatory articles and the police are watching that publication.

As an indication of the cowardly manner in which the sluggers worked, nine of them simultaneously attacked Henry Messner, who has a news stand at Madison street and Wabash avenue.

Struck in the Face.

They followed the usual plan. One of them suddenly struck Hessner in the face, knocking him down and after scattering the papers over the street the chief slugger assisted the other eight in kicking Hessner around the street. Policemen ran to Hessner's assistance and one of the sluggers was caught. Hessner's face and head were cut and bruised and he suffered internal injuries from the kicks he received.

One of the pressmen employed on the Examiner who refused to join the strikers and insisted upon adhering to the terms of the pressmen's union contract with the publishers association, received a ghastly warning.

Through an annoymous letter he was informed that unless he quit work and joined the strikers his home would be dynamited and his wife and child killed. He appealed to the police for protection for his home and family.

NEW SCHOOL DRILL FOR SAFETY

Oklahoma Teacher, Alarmed by High Wind, Organizes Tornado Drill.

Wichita, Kan., May 4.—Miss Hattie Moon, principal of the Enterprise school near Wakita, Ok., has inaugurated a tornado drill in her school since the frequent bad tornadoes in Oklahoma, calling the scholars out unannounced much after the fashion of the fire drill in the city schools. The scholars are lined up on signals and run to the nearest tornado cave, which is on the farm of R. F. Schulke, a quarter of a mile away. They have been able after much practice to cover the distance in four minutes.

Medford, a town near Wakita, was visited by a strong wind Monday, the influence of the blow being felt at the Enterprise school. It was then that Miss Moon and her classes made the record time to the Schulke cave.

OPPOSE CATTLE INSPECTION

Wichita Interests Fear Bill Requiring Destruction of Diseased Animals.

Wichita, May 4.—The Wichita Live Stock exchange telegraphed Representative Victor Murdock, asking him to remove his name from the house resolution which demands a more rigid inspection of live stock than is now made. The resolution would require the destruction of all animals affected with tuberculosis or other diseases.

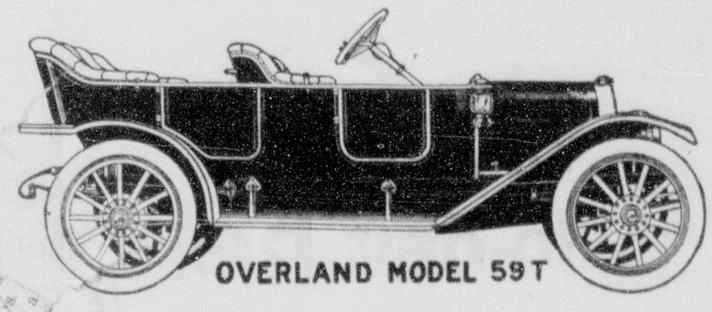
Mexico Asks Reparation.

Boise, Idaho, May 3.—At the demand of the Mexican government a thorough investigation will be made by the attorney general of Idaho into the killing of Raymond Herera, a Mexican, by the chief of police at Grove City, April 9.

OVERLAND

$1200 Worth for $900

THE several important things that you demand in an automobile are power, performance, service, wear and appearance. You must have a car that has all of the practical things—one that will serve your purpose (both for pleasure and work) for as little money as possible.



OVERLAND MODEL 59T

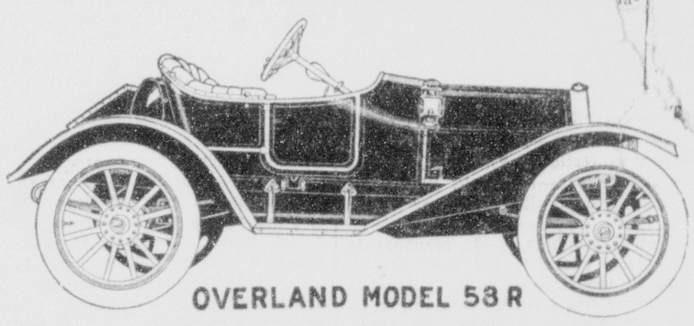
Let's start with some of the higher priced cars made—say those selling from $1200 to $1500—and see if they give you any more practical or useful value than the $900 car. We have not the space to go over the entire car, but take the five fundamentals—power, speed, capacity, durability and appearance.

Practically every $1200 to $1500 car in America has a 30 horsepower motor. OUR $900 CAR HAS A 30 HORSEPOWER MOTOR. They all seat five passengers. OUR $900 CAR SEATS FIVE LARGE PASSENGERS. In fact it is just as roomy and comfortable as you could possibly want it to be. Those higher priced cars seldom develop over forty or fifty miles an hour. OUR $900 CAR WILL GO FORTY MILES AN HOUR WITH EASE AND WILL TAKE YOUR TOUGHEST HILL WITH JUST AS MUCH EASE.

Nor can $1200 to $1500 give you a better made car. In fact, in some instances it CANNOT be as WELL made, for most of the other factories are so small that they are forced to do work by hand that we do by machinery, and everyone knows that machine work is better and more accurate than hand work.

This $900 car has a pressed steel frame. Same as the $1250 car. The front axle is a drop forged I section—drop forged in our own forge plant—same as the $1250 car. The transmission is selective—three speeds forward and one reverse. Same as the $1250 car. The transmission is fitted with F. & S. annular bearings, which are used on the most expensive cars made. You get a fine Splitdorf magneto. Same as the $1250 car.

The motor itself is a beautiful job. It will never [illegible] a particle of trouble. Just as true and sound as [illegible] these big powerful engines you see on famous race [illegible]rs. It is of the most modern design and as simple in operation as ABC. All the gear and crank castings are of pure aluminum, WHICH ARE FOUND ONLY ON VERY EXPENSIVE CARS. The gears are of Vanadium steel, FOUND ONLY ON VERY EXPENSIVE CARS.



OVERLAND MODEL 58R

In appearance it is just as carefully and thoroughly finished. The body is in dark Overland blue. The upholstery is of good leather, hand stuffed with fine hair. A car could not be made more comfortable. The body design is graceful, pleasing and right up-to-date in stylish appearance. Why should you pay $1250 for a 30 horsepower five-passenger touring car when you can get a car like this for $900?

And remember, this car is built by the greatest organization of skilled men—5000 of them—in the largest automobile plant in the world. Our enormous manufacturing and financial facilities enable us to do what is impossible for the smaller manufacturers.

Our handsome and well-written book gives you the detailed value of this car. It tells you all about our great, big factories—shows you the interior views of every department and contains a colored set of illustrations showing the complete Overland line for 1912. It is free. Write for your copy today. Please ask for book XX33.

KANSAS AGAIN STORM SWEPT

Tornado at Larned Destroys Houses and Injures Many.

KILLED MEXICANS AT KINSLEY

Cars in Which Men Were Bunking Wrecked and Wires Are Down —Church Destroyed at Offerle.

Larned, Kan., May 4.—A tornado struck the east edge of Larned about 7 o'clock destroying a dozen houses and slightly injuring several persons. Mrs. Chris Ahrensfield was the most severely hurt, being struck on the head by falling timbers when the Ahrensfield house was wrecked.

The twister came from the Southeast and just shaved the east and north edge of town. The homes of Samuel Wimberly, Frank Winters, Mr. Littler and D. S. Kokendorfer among those destroyed. The Missouri Pacific depot in the north edge of town was wrecked. The electric light plant was shut down at once to guard against shocks and fires from the tangled mass of debris and wires in the east part of the city.

Other Storms Struck Near.

Two other storms struck near the city in addition to the one which passed through town. One formed just west of town and passed up the Pawnee Valley to the westward. This twister destroyed the barn on the H. H. Reed farm, a mile west of Larned, in which Mr. Reed and his son Fred had taken refuge, together with about 100 head of horses. The barn was demolished and the men and horses covered with debris, but Mr. Reed and his son escaped injury.

Telephone wires are down and the rain which continued until late in the night prevented travel, but it is known that both this storm and the one which passed through Larned did great damage in the country.

Two twisters passed through Offerle, in the west edge of Edwards county, and destroyed a church and a number of houses.

Three Killed in Kinsley.

Kinsley, Kan., May 4.—A tornado passed over here between 5 and 6 o'clock in the afternoon, killing three or four Mexican laborers and injuring two others so severely it is feared they will die. The men were bunking in box cars and the cars were wrecked by the storm. Telegraph wires were torn down and much damage done.

LAW FAILS TO PROTECT FLAG

Insult to National Emblem Must Go Unpunished—I. W. W. Blames "Irresponsible Persons."

New York, May 4.—In response to numerous demands for the prosecution of the Anarchists who tore an American flag from its pole and trampled it under foot, Henry A. Wise, United States district attorney was disappointed in being unable to find a federal statute which made such an act an offense. It is said, therefore, that no steps can be taken against the offenders.

Lawrence, Mass., May 3.—Condemning the recent action of some members of a New York audience who tore down the American flag and trampled it, officials of the Industrial Workers of the World here placed the blame on "irresponsible persons playing into the hands of our enemies."

Man, poor man, has this much to be thankful for so far this year. The bills for spring millinery and other feminine finery have been delayed at least a month.

You can tell by the high pitched voice of a grass widow that she is not in the heyday of life.

Now that the weather has broken for the better what will the average person find to talk about?

Most of the troubles with which folk are worried are the result of excessively active imaginations.

ORGANIZE TO PROTECT FARMS

RAY AND CARROLL COUNTIES UNITE ON DRAINAGE PLAN.

Will Reclaim Missouri River Bottom Land—195 Square Miles Involved.

Richmond, Mo., May 4.—The Missouri River Valley Drainage association of Ray county and the Missouri River Valley Drainage association of Carroll county are uniting to make an organized effort for the reclamation of the Missouri river bottom lands contained in these counties.

This project will involve 195 square miles of land. The bluffs on the northern side of the Missouri river are farther from the river in these counties than anywhere else in the state, they forming the widest and largest valley along the Missouri river.

The landowners of the two counties expect to co-operate in their work. They will petition the department of agriculture in Washington to have the drainage bureau of that department make a topographical survey of the entire district.

The movement is one of many along the river following the adoption by congress of the Missouri river commission plan for a permanent six-foot channel in the Missouri river. Practically all of the caving banks along the Missouri river from Kansas City to the mouth will be revetted within ten years. The revetment in Ray and Carroll counties is expected to be completed within four years.

The officers of the newly organized associations in Ray and Carroll counties are James Farris, president, and Jewel Mayes, secretary of the Ray county branch at Richmond, and H. H. Wilcoxson, president, and S. K. Turner, secretary of the Carroll county branch at Carrollton.

SHRINERS CONVENTION OPENS

Nobles From all Over Country Journey to Los Angeles for Annual Meeting.

Los Angeles, May 4.—The annual convention of the Mystic Shrine opened here today with a flood of incoming Shriners who rapidly overflowed the hotels and packed the city's boarding houses to the limit. An official estimate of the visitors, up to noon today, places the figure at 5,000 and Shrine officials state that the convention will be one of the largest ever held in the United States.

Chief among the arrivals this morning was a special train from Chicago, whose cars were jammed with Shriners from points further east. Besides the delegates arriving by train there were hundreds of automobile parties from various points in the western states.

The convention is scheduled to adjourn on May 11, and the intervening time will be taken up with automobile trips, entertainments, sight-seeing tours, receptions, dances, parades and various Shrine celebrations.

TWENTY-EIGHT HORSES BURNED

Fire Spread so Rapidly That Animals on Second Floor Could Not be Saved.

Excelsior Springs, Mo., May 4.—Twenty-eight horses were burned to death in a fire which damaged the Park & Jesse livery barn at 3:45 a. m. The animals were kept on the second floor of a brick building and the fire spread so rapidly that only four were rescued. One of these, the family horse of John S. Lewis, a merchant, broke loose and ran down a chute to the street. The fire is supposed to have been caused by spontaneous combustion in a carload of hay.

Prison Population Increasing.

Leavenworth, May 4.—There are now 1,096 prisoners in the federal prison. The population has been increasing rapidly lately, and the high water mark will soon be reached if arrivals come as frequently as they have in the last few weeks. In May of last year there were 1,105 prisoners enrolled, while in June there were 1,132, which is the greatest number that has ever been inside of the walls.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands.

Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

WHY SHOULD YOU?

That's a fair question. Why should you neglect those trifling repairs on your machine, when by having them looked after promptly

YOU MIGHT AVOID TROUBLE.

Neglect is not only costly but dangerous. Better consult an expert repair man at the first sign of trouble. That means call and see
